Bastar Vishwavidyalaya, Jagdalpur
Chhattisgarh, India

ABOUT US

Bastar Vishwavidyalaya (BVV), is a State university located, in Jagdalpur, Chhattisgarh, India. It is a teaching-cum-affiliating university which affiliates 30 college and has 10 University Teaching Departments (UTD). It was established and incorporated by Chhattisgarh Vishwavidyalaya Adhiniyam No. 18 of 2008 on September 2, 2008.

The BVV is one of the major institutions of higher education in Bastar Regions which predominated by tribal communities is largely devoted to post graduate studies and is widely known for its excellence in research and for its distinguished faculty

ABOUT DEPARTMENT

The Department of Master of computer applications was started in 2013, and is one of the prestigious departments for its ability of Research and Development activities apart from the regular academic work. The Department offers MCA and MSc.(I.T.). The Department has well experienced and qualified teaching faculty and supporting staff. The teaching faculty is active in doing research and publishing papers in reputed journals and conferences

ELIGIBILITY

Post Graduate and Ph.D Students, Faculty from engineering, MCA, Management, Agriculture, Science, Arts and delegates from industry can attend the program.

Two Days National Workshop & Conference On

“Big Data Analytics”

17-18 December-2018

Organized by

School of Studies in Computer Applications

Bastar Vishwavidyalaya,

Jagdalpur, (Bastar), Chhattisgarh

www.bvvjdp.ac.in

COURSE FEES

Faculty Members: 700/-

Research Scholars: 500/-

PG Students: 300/-

Industry Persons: 1000/-

Charges include registration kit, course fees, lunch, tea & snacks.

Travelling, lodging, boarding and other expenses are to be borne by the candidates.

OBJECTIVES

The main objective of this two day's workshop to enable Faculty Members, Students, Researchers and Professionals dealing with BIG DATA to take effective decisions based on the information contained in huge volumes of data by using the open – access, Object oriented and interactive R Programme, SPSS which are the most comprehensive statistical analysis packages today.

ABOUT BIG DATA ANALYTICS

Now is the age of industrial revolution of data. The overarching challenges, data-intensive computing and high performance computing have some rather different considerations, particularly in the emphasis on performance, storage and data movement. Still, there is plenty of room for the two areas to merge.

EXPECTED OUTCOME OF WORKSHOP

After end of this workshop one can be able to

- Obtain, clean/process and transform data.
- Analyse and interpret data using an ethically responsible approach.
- Use appropriate models of analysis.
- Formulate and use appropriate models of data analysis to solve hidden solutions to business-related challenges.
- Interpret data findings effectively to any audience, orally, visually and in written formats.

NATIONAL CONFERENCE ON BIG DATA ANALYTICS

National Conference on Big Data Analytics will be held during December 17-18, 2018 at SOSCA BASTAR UNIVERSITY JAGDALPUR. BASTAR UNIVERSITY provides a National forum for researchers and industry practitioners to share their original research results, practical experiences and thoughts on big data from different perspectives including storage models, data access, computing paradigms, analytics, information sharing and privacy, redesigning mining algorithms, open issues and future research trends.

Invites original, technically sound, high-quality research papers proposing novel solutions addressing the

problems related to big data analytics as well as case studies and practical experiences with big data. Major topics of interest to the conference include, but are not limited to:

- Architectural Design for Big Data
- Analytics as a Service.
- Domain-specific Analytics
- Large-scale recommendation systems and graph analysis
- Predictive Modelling
- Rule Mining from Big Data
- Semantics of Big Data
- Streaming Data Analytics
- Topic Modelling
- Data mining
- Data science
- Statistical data analysis.
- Data and information security

GUIDELINES FOR ABSTRACT & FULL PAPER SUBMISSION

1 Only original unpublished work is sought. Any proposal submitted to present, identical or substantially similar work already published under review for another conference or publication will not be considered.

2. In the covering letter accompanying the manuscript, the contributors should certify that manuscript neither been published anywhere nor is being considered presently anywhere for publication.

3. Abstract (not exceeding 250 words) should reach us latest by 05 December 2018 in soft copy.

4. Abstract submission should include a separate title page which clearly indicates the name(s) of the author(s) affiliation(s) complete mailing addresses mobile and e-mail addresses, title of the paper and up to six keywords that describe the paper.

5. Final paper should have 5000-7500 words (including diagrams and references etc.). The paper should be submitted in MS-word (Times new roman, font size 12, 1.5 line space).for the preparation of manuscript the author(s) are requested to follow APA Citation Style.

6. The Text of the full paper and abstract must include the title, but should not include the name(s) of the author(s) as papers will be blind reviewed.

7. Acceptance of the papers would be notified on or before December 10, 2018. The complete paper should reach us latest by December 15, 2018 in soft copy on.

8. At least one of the authors must pre-register for the conference. A maximum of two papers can be presented by one person.

Note: The accepted papers will be published in the form of conference proceeding in due course of time.

REGISTRATION

Cheque or DD drawn in the name of “Registrar, Bastar Vishwavidyalaya, Jagdalpur” payable at Jagdalpur(C.G.) should reach on or before 15st December 2018 along with registration form.
