

Feedback analysis Report

The feedback on Curriculum, Teaching and Learning facilities was gathered from the three stakeholders i.e. Students, Parents and Teacher from the 10 different SoS (School of Studies) of the Vishwavidyalaya viz., Anthropology & Tribal Studies, Forestry & Wildlife, Business Administration, Biotechnology, Rural Technology, Computer Application, Social work, English, Political Science and Education from the academic session 2018-19, 2019-20 and 2020-21 in online mode and for the year 2016-17 to 2017-18 in offline mode. In total 652 feedback received from students and parents. The Anthropology & Tribal Studies received 81 feedback, Forestry & Wildlife – 135, Education –110, English- 56, Political Science- 54, Business Administration- 58, Biotechnology- 40 and Computer Application – 118.

The feedback was collected once just before the commencement of the examination and another after the declaration of results from the students and parents on the prepared feedback either offline or online mode on 13 point and 12 points respectively with each points having assessment point scale range from 1-5. The feedback from student are basically concerned with the course curriculum, teaching method and about the knowledge of faculty and parents feedback on quality of teaching, examination system, ward performance etc. in all SoS (School of Studies)

Analysis of Feedback revealed that the 64 to 80 % students of the SoS rated the course curriculum, content of course, teaching method, subject knowledge of faculty, power of explanation of teacher, completion of syllabus, response to questions, use of examples, behavior of teacher with student rated as excellent and good while 22 to 37% are rated as average to poor and need for improvement in the SoS for making effective and quality teaching in the University. The parents' feedback range from 70 to 87% revealed the parents satisfaction on the quality of teaching, examination system, discipline, teaching knowledge of the ward, activities & facilities in SoS, Library facilities, students counseling & guidance, design of syllabus as excellent and good. However, 46 to 62% feedback from parents showed the less provision for internet facility, extra-curricular activities & sports and canteen availability and rated

as average to poor facilities and need improvement in all SoS and in the university for the purpose of making education more effectiveness and betterment of the students' performance.

Besides above, suggestions in the feedback are also received for the creation and improvement of ICT learning facilities, Educational tours, Laboratory facilities, library books, e-library etc in the University.

On the basis of Feedback, the curriculum and teaching improved as per the need and demand of the local and global level education.

Action: Instructions and suggestions for quality teaching were given time to time to the teaching faculty for the overall enhancement education and the performance of students. The request along with proposal for the creation of required facilities were submitted in the academic and general meetings by the the SoS authority to the University.

Action: A regular sports officer on deputation is appointed to regularize sports activities in the University.
